Genesi Carbonio 360 evo HALO Base

Genesi Carbonio 360 Evo is the evolution of the 360 light model, with an integrated air regulator on the air inlet and a digital pressure gauge connected directly to the spray gun body, it's even lighter and easier to handle,

ergonomics and comfort are combined with superlative performance

SKU: W026010

Availability: In stock

\$879.00

Cup: Spraygun only Pressure gauge: Integrated Nozzle: 1.01.01.11.21.31.41.71.9

Genesi Carbonio 360 Evo is the evolution of the 360 light model, with an integrated air regulator on the air inlet and a digital pressure gauge connected directly to the spray gun body, it's even lighter and easier to handle, ergonomics and comfort are combined with superlative performance

GENESI CARBONIO 360 EVO HALO BASE

Super precision 5 axis machining allows metal-to-metal connections without gaskets.

ALUMINIUM AND CARBON FIBER

Forged aluminum spray gun body over-injected with carbon fiber allows creating a super light spray gun while maintaining the mechanical features of the metal with the premium weight/performance features of carbon fiber, a nano metric coating allows easy cleaning.

AIR REGULATOR - DIGITAL GAUGE

"Pop-up" quick digital pressure gauge. makes it less easy to damage and practical to handle when you use spray gun washer thanks to the non-return valve.

FIELD OF APPLICATION: SOLVENT AND WATERBORNE BASE COAT

HALO (High Atomization Low Overspray) by Walcom®, more than 20 years of experience with the most popular technology in the market, the paint system that combines adequate atomizing pressure and high transferred efficiency, certified by international independent laboratory and research institutes. The B series air caps developed in collaboration with the paint companies, the 12-hole nozzle with diffuser and flexibility in the product and fan adjustment make it a real jewel in the application of the latest generation paint products.

Genesi Carbionio 360 evo GEO

Genesi Carbonio 360 Evo is the evolution of the 360 light model, with an integrated air regulator on the air inlet and a digital pressure gauge connected directly to the spray gun body, it's even lighter and easier to handle, ergonomics and comfort are combined with superlative performance. Genesi Carbonio 360 Evo does not require the use of protective plugs for the spray gun washer unlike the competition, just close the air inlet and it is immediately ready for washing. The specific base air cap HP - High paint layout with proper distribution and flow orientation, 12 holes nozzle, precise...
